You are invited to a MOVIE showing of, FROM THE HEART OF THE WORLD: The Elder Brothers' Warning. This documentary ... "Kogi Message" was originally released in 1992 ... over 20 years ago and so it is evidently an even more critical message ... Have we listened & engaged deeply within to the original wisdom it holds for humanity as bestowed by the Kogis Mamas ... the Elders ... the original caretakers of the world.

Movie & presentation will be facilitated by Regine Veraguas, Holistic Educator & Practitioner & will be followed by an introduction to the "Holistic Wise Ways of the Divine Mother". Original Living Wisdom bestowed to her over the last 10 years of apprenticeship in intensive workshops with her Spiritual Mentor, an ordained Kogi Mama. This intro is intended to guide those keenly interested in walking lightly ... harmoniously on our precious Earth ... & for people who want to recover CONSCIOUSNESS of our authentic BEING ... as Spirit & Soul in alignment with the Divine Mother ... the Great Mother of all of us.

Her approach to spiritual training, education & practice is "FULL SPECTRUM HEALING".
